Editorial

On 23 September, [the trade union-related research institutes \(TURI\) network](#) held its 13th annual conference in Brussels. Although the pandemic still prevented most of its members from travelling and had to join online, with 27 represented TURI members, the turnout exceeded our expectations. It signalled the clear need for the workers' friendly centres to exchange research agendas and projects. [Read the full editorial here](#)

Publications

Continuing at work

This book focuses on the role of industrial relations structures and related actors in terms of how far they remain relevant in addressing and facilitating the return to work of individuals following chronic illness.

[Read more](#)

‘One in, one out’, an incongruous approach to the major European challenges

The costs and burdens that go hand-in-hand with legislation (taxes and charges, monitoring and evaluation reports, statistics, labelling, etc.) are an intrinsic part of the democratic system.

[Read more](#)

EU employment dynamics

This study explores potential future employment dynamics across European industries and employment groups for the period up to 2026 by drawing on past sectoral trends and the latest macroeconomic forecast results from the International Monetary Fund (IMF) and the European Commission.
